SN&R celebrates its silver anniversary by looking forward to 2039

2039 will mark the 95th anniversary of President Franklin Delano Roosevelt's State of the Union address to Congress, often referred to as the "Second Bill of Rights" or the "Economic Bill of Rights." Among these rights, FDR reaffirmed the right to a living wage, the right to be free from hunger, the right to a decent home, the right to good health and the right to a good education. In the next 25 years, the vision I have for Sacramento is that it will have fully embraced FDR's Economic Bill of Rights. For me, it is important that we are located on a river evoking the phrase, "Let justice flow down like water and righteousness like an everlasting stream."
